About The M.S.C.A.V.

The Motor Scooter and Cycle Association of Victoria is an all-makes club which caters for both scooter and light motor cycle owners and pillion passengers. We invite all scooter/cycle owners to come along and join us on our functions, and on this card we have printed a full list of our activities. Prospective members are invited to attend three club functions before joining, and the fee for membership is \$4.50 for a full year. The club has its own rules which help the committee to control the club in a satisfactory manner. We often take part in inter-club activities and enjoy many different types of outings, which range from short half-day trips to long interstate tours when time permits. If you own a scooter or light motor cycle then get in touch with us at any of the phone numbers or addresses shown on this card. All enquiries are welcome.

MOTOR SCOOTER AND CYCLE ASSOCIATION OF VICTORIA

All Makes Up To 350 c.c.
